Dear BCCSC Parents, Guardians, and Community Members,

This morning we were advised by the Jackson County Department of Health of the need to quarantine students in a single classroom at Brownstown Elementary School due to a positive COVID-19 test and other extenuating circumstances. **The parents of all students affected and needing to quarantine are being notified.** Affected students will transition to virtual learning and receive information about instruction and expectations via Google Classroom from their teacher. Students may return when they have met the CDC and Jackson County Department of Health guidelines for re-entry.

Brownstown Central Community School Corporation holds the health and well-being of our students and staff as a top priority.
